Mobile

# Mobile

You *will be* a nerd by the end of this.

- App stands for application
  - Mobile Application
  - Desktop Application
  - Client\Server Application
  - Web Application?
- What is a Mobile Web Site?
  - All web sites are fundamentally the same
  - *(Did you know you can't have only bullet item?)*

# Mobile

## HTML

- Hyper Text Mark Up Language
  - Core component of all web sites
  - International standard
- What is Mark Up?
